Election/Restrictions

1. Newly submitted claim 7 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Newly directed claim is a method of playing

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 7 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 103

2. Claims 5-6 rejected under 35 U.S.C. 103(a) as being unpatentable over Mardirosian (5556099).

Mardirosian teaches a checkerboard (14), a first base member (41), a second base member (50) distinct from the first base member, a plurality of top pieces (40, 48), female coupler positioned on top of base members (54) and male coupler positioned under top pieces.

Mardirosian teaches all limitations of these claims except that it does not teach shapes/aesthetics of pieces horses/knights/soldiers.

As understood in the art of board games, players are attracted to play or buy games that truly simulate themes of the games. Providing shapes of playing pieces as real soldiers, knights and horses would closely simulate the checkers game and make the game attractive. However such changes are only aesthetic and do not change the

functionality of playing pieces. In order to make the game attractive, it would have been obvious to modify aesthetics of playing pieces to attract players.

Response to Arguments

3. Applicant's arguments with respect to claims 5-6 have been considered but are moot in view of the new ground(s) of rejection.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
